

# The Slippy Mayblade Zine

2023-2024

By Luuke

# **Information.**

2<sup>nd</sup> edition.

Created by Luuke in  
February 2025 Because I  
felt like it.

For my friends :)

**No ISBN or other  
information. This is a zine.**

I had a lot of fun making this zine but I struggled trying to figure out how to format this book. It turned out pretty well, I'd say.

Artwork on cover pages are from January 2025.

Thanks for reading ★

## Original Mayblade concept Art

**Just a Mightyena but + more colors I guess.**

**Look at him go.**

Original concept art made for Slippy Mayblade, which is a badly recolored image of the Pokémon Mightyena. I made this in a few minutes in MS Paint.

## Sketch of Slippy Mayblade

Quick sketch of Slippy I made in MS Paint, I like his more-wolf like features but I don't think I've ever drawn him like this again.

## Slippy Maycake

### Behold, birthday cake

Let me cut it with my Re-sword-ver I got at comic con Holland.

Commentary not pictured: "Just get a bayonet at this point!"

Drawing of Slippy made on a shared drawing canvas for a friend's birthday (Zalm), essentially developing the Slippy character further by giving him a hobby.

Mayblade getting strangled

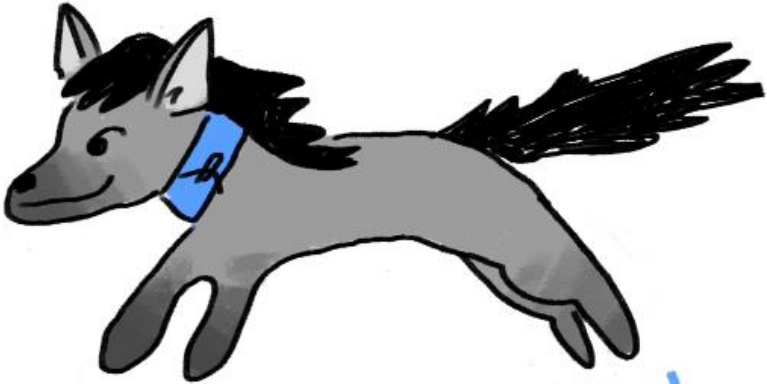

Crude drawing of Slippy being held by me, drawn over a selfie of a father holding his baby in similar fashion.

Never finished the full image, by the way.

## Mayblade Redesign Attempt

Slippy mayblade  
the Hyena

Attempt to redesign Slippy Mayblade. Though he ended up looking like a horse, who is this!

# June 2024

## Slippy Cakeblade

Drawing of Slippy made on a shared drawing canvas for a friend's birthday (Zalm), 2024 edition. Re-designed him to look more like the Mayblade getting strangled version.

## Updated Mayblade reference sheet

Second attempt to redesign Slippy Mayblade, includes the June 2024 Maycake as an additional reference. I consider this one successful, he looks adorable!

# July 2024

## Impareon's Artfight attack

Art trade with Impareon. Really love the sword and background colors that match the reference colors!

# July 2024

## Zalm's Artfight attack

Art trade with Zalm. Really in love with the textured background, eyes, and spiky mane, he looks so cool!

# November 2024

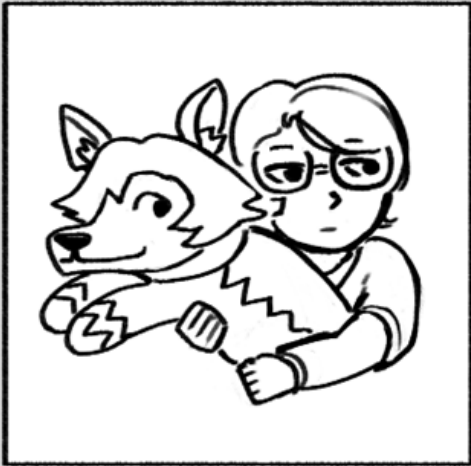

Mayblade Mail

Art made for some custom stationary and made into stickers, I really like how cute they turned out, yay for Mayblade merch!

Mayblade and other Original Charater

Quick doodle of an officially licensed Slippy Mayblade plush toy, which I tried to custom order and failed at due to the high costs. So I doodled one and gave it to my OC Killeen.

Slippy Mayblade is a mascot character created in 2023 by Luuke (pronounced either Luke or Luuk depending on your language) and he is a cartoon hyena.

As his creator I think he's pretty cool and I like him a lot.
